Dear Mother & Folks

How's the old home town this evening? Still in the swing. Have been moving around so much lately haven't got any mail for about 4 days. Sure do miss it, hope it catches up soon.

Please excuse the pencil. The going is pretty tough right now but I hope I can soon get back to ink. Hope you have been reading about my outfit.

Weather has been pretty bad the past few days & hope it

Clear up tonight & we'll probably start moving. Tomorrow is Thanksgiving but seeing we won't have any of that turkey but it doesn't seem to make much difference to us boys out here.

Please write and send me a pen pencil set if possible as you can see I am in need of one. Must try & get some sleep now, please write as much as possible.

Love to all
Dick
